Page with a chronological overview of the country file articles published on the Chronicle website.

## Oman Continues Crackdown on Activists and Reformers

A report describes in depth how human rights defenders are routinely beaten, placed in solitary confinement and forced to endure extreme temperatures and humiliation. Other tactics used to punish activists include spreading rumours to tarnish their reputation,...

## Declining Oil and Gas pushes Oman to build an Economy for the Future

Just last April, the International Monetary Fund (IMF) sent a clear message to Oman after adviser Stéphane Roudet and his team visited Muscat for 13 days visit. The team concluded that Oman is a long way from boasting an economy that can one day be self-sustainable ...

## Neutral Oman Braces for Challenges Ahead Amid Sultan's Ailing Health

The ruler, now 76, is ailing and has spent months at a time in Germany receiving cancer treatment. Nevertheless, Oman appears destined to maintain internal stability and its global reputation as a peacemaker. This is largely thanks to Qaboos who offered...

## Omani Taxi Driver Who Became Member of Parliament

In addition to his work as a taxi driver, he served as an unofficial messenger between citizens on the one hand and officials and government departments on the other, and then decided to run in the elections for Shura Council, a decision the people of...

## Oman's Media Landscape

With the introduction of satellite television technology in the late 1980s, Omanis became exposed to a greater choice of media outlets and satellite channels soon became significantly more popular than the state-owned Omani broadcasts. Oman's media e...
