### **AMERICAN PLAN ON AL-SHUHADA STREET**

January 7, 1997

As part of its ongoing support for the peace process between Israelis and Palestinians, the United intends to finance and supervise preparations to improve and facilitate the complete reopening of al-Shuhada Street in the City of Hebron. This work will take place in conjunction with the implementation of the "Protocol Concerning the Redeployment in Hebron" concluded between the two sides.

Description of Activity:

USAID intends to fund and manage the upgrading of utilities, primarily potable water lines and sanitary sewers, in the area of al-Shuhada Street to improve access to service. In conjunction with these improvements to utilities, USAID will direct renovation of the area within al-Shuhada Street to provide a safe and attractive environment for local businesses, pedestrians and vehicular traffic. The existing street will be completely reconstructed for a distance of approximately 700 meters including Gross square and also along a 200 meter spur of Rahme Road and a 100 meter spur leading to the Old City Gate. Major elements of this proposed activity as currently envisaged include:

- Reconstruction of water distribution mains, sanitary sewers and electrical lines
- Installation of a new water transmission line
- Installation of a new storm drain system (if appropriate)
- Paving of street with asphalt (typically, width varies from 6 to 9 meters)
- Construction of concrete brick sidewalks (typically, 2 to 3 meters in width on each side of the street) with precast concrete curbs
- Construction of concrete brick median strips with pre-cuts concrete curbs in the street
- Installation of lampposts
- Erection of safety barriers at selected locations
- Sandblasting of stone exteriors of street front shops, stone fences and stone masonry retaining walls
- Painting of shop doors
- Installation of awnings along street front shops and residences Installation of cast iron fencing along curbs
- Installation of litter baskets Installation of planters
- Installation of new traffic signs Painting of curbs
- Planting of small trees, shrubs and flowers.

This plan also includes the widening of the al-Shuhada Street in the vicinity of Beit Hadassah and Beit Schnerson. The details of this aspect of the plan include the following elements: the road in front of Beit Hadassah and Beit Schnerson will be widened to 13 meters; there will be sidewalks on each side of the street; each sidewalk will be separated from the street by a low stone wall with iron railings, no more than 1.25 meters high and 30 meters long; there will be equal roadways 3.55 meters wide in each direction; the two roadways will be divided by a security wall no more than 0.40 meters wide, 1.50 meters high and 30 meters long; there will be ten parking spaces on the northeast side of the street.

USAID expects that the renovation of al-Shuhada Street will commence in mid-January 1997 and will be completed as quickly as technical considerations permit. All activities will be subject to applicable laws and regulations. Continuing consultation will be held to address technical issues that may arise during the implementation of this plan.

---

*To be provided by 11 S. Secretary of State Christopher to Benjamin Netanyahu at the time of signing of the Hebron Protocol*

Dear Mr. Prime Minister,

I wanted personally to congratulate you on the successful conclusion of the "Protocol Concerning the Redeployment in Hebron." It represents an important step forward in the Oslo peace process and reaffirms my conviction that a just and lasting peace will be established between Israelis and Palestinians in the very near future.

In this connection, I can assure you that it remains the policy of the United States to support and promote full implementation of the Interim Agreement in all of its parts. We intend to continue our efforts to help ensure that all outstanding commitments are carried out by both parties in a cooperative spirit and on the basis of reciprocity.

As part of this process, I have impressed upon Chairman Arafat the imperative need for the Palestinian Authority to make every effort to ensure public order and internal security within the West Bank and Gaza Strip. I have stressed to him that effectively carrying out this major responsibility will be a critical foundation for completing implementation of the Interim Agreement, as well as the peace process as a whole.

I wanted you to know that, in this context, I have advised Chairman Arafat of U.S. views on Israel's process of redeploying its forces, designating specified military locations and transferring additional powers and responsibilities to the Palestinian Authority. In this regard, I have conveyed our belief, that the first phase of further redeployments should take place as soon as possible, and that all three phases of the further redeployments should be completed within twelve months from the implementation of the first phase of the further redeployments but not later than mid- 1 998.

Mr. Prime Minister, you can be assured that the United States' commitment to Israel's security is ironclad and constitutes the fundamental cornerstone of our special relationship. The key element in our approach to peace, including the negotiation and implementation of agreements between Israel and its Arab partners, has always been a recognition of Israel's security requirements. Moreover, a hallmark of U.S. policy remains our commitment to work cooperatively to seek to meet the security needs that Israel identifies. Finally, I would like to reiterate our position that Israel is entitled to secure and defensible borders, which should be directly negotiated and agreed with its neighbours.

*Sincerely,*
